

Cannons Baseball offers baseball players the opportunity to take their skills to the next level! We welcome all serious and talented baseball players to tryout for this one of a kind AAU program. Once a member of Cannons baseball, you are considered part of the "Cannons Family"

Our program prepares players to play at the next level whether it's preparing for the big diamond, freshman baseball, varsity baseball or college baseball.

As part of the program, we incorporate classroom sessions, where the player will be taught signs, bunt defense, pick-off plays, etc.

Testimonial

The only word that describes the Concord Cannons baseball program is, AWESOME. Before your program, we spent the last two years playing Little League and AAU in Florida. When we moved back, I was worried that we would not find a program that was equal to the ones we left. I was wrong. We found one better. I am convinced that Bryan runs a better baseball program than we had in Florida. His level of coaching, knowledge and intensity level are second to none. He is truly a master of the game and the kids are his students. He has not only taught my son how to be a better baseball player, but how to be a better person on and off the field. By doing this, my son really respects him as a coach. Memorial Day weekend, Endicott College, Beverly Massachusetts. July 4th week, Baseball Heaven, Long Island, NY. Most people are at the beach and barbecues. Not Bryan. He is with a team of 13 year old kids at baseball tournaments. That's the dedication he brings to the team. We practiced twice a week, sometimes three, since November and played over forty games. I believe that is twice what other AAU programs offer. If your son wants to play baseball and you want expert coaching then Bryan Caruso is your man and Concord Sports Center is your place. I thank you for all the time and dedication, over and above what we expected that you put in to my son and the team.

Thank you.

Bob and Bobby Brennan

U10, U11, U12, U13, U14, U15**

Testimonial

Thank you for putting together a great AAU program. Watching the kids progress under your guidance has been a real pleasure. The boys learned not only how to become better baseball players, but better young men as well. Our experience coming from a southeastern state where baseball is played year round is one of satisfaction. The practices were hard with a purpose, yet fun as well. The quality of the coaches is second to none. From private lessons to team workouts all the coaches were great. We could see the results in our sons performance on the field all season. The individual attention given to each player, and the team as a unit helped to build one of the top ten ranked U-12 AAU baseball teams in New England. Great Job!

Cannons AAU Baseball 2009 - 2010 Season

The purpose of the Concord Cannons AAU baseball program is to develop the younger athlete into a complete baseball player, as well as a complete young man. We utilize our staff of professional instructors that will teach players how to train for and play at a highly-competitive level of baseball. Our program will not only focus on baseball instruction and training of our young athletes, but also stress the importance of achieving academic excellence in the classroom.

Our coaching staff is what separates us from other traveling teams. Our coaches have played in a collegiate baseball program, with some playing in a professional organization. The instruction they will provide from their playing experience cannot be matched by other teams. Our coaching staff will share their personal experiences growing up and playing baseball, and the importance of their dedication and hard work to achieving success on the field. Also, personal experiences will be shared regarding the importance of academics in having the opportunity to play at the collegiate level.

Teams will begin practicing in mid-December. For several months of practice sessions, teams at each age group will practice together, and receive instruction and training by our AAU Program Coordinator, with the assistance of our coaching staff. Our primary goal in selecting teams at each age level will be to have equally strong teams in order to compete on the field, as well as provide opportunity to develop as a player. Our teams will have an opportunity to utilize our indoor playing surface. Players will have an opportunity to play scrimmage games, as well as compete in indoor leagues. We will have played several games before starting our outdoor travel season.

If selected to participate in our travel program, you will be provided with excellent training and instruction. Your obligation will be to work diligently to become a complete baseball player.

2010 Concord Cannons AAU Baseball
