Concord Sports Center

Concord Sports Center is located at Exit 17 off Interstate 93 in Concord, NH. Concord Sports Center is 23,000 square feet and houses a state-of-the-art multi-sport facility that provides two indoor field areas, five indoor batting cages, three indoor pitching mounds and a large birthday party arcade room.

We provide baseball and softball instruction in all aspects of the game, while instilling the values it takes to succeed in every day life. Though Concord Sports Center focuses on baseball and softball we also offer soccer, lacrosse and flag football programs year round.

Batting Cages

Concord Sports Center houses five indoor batting cages, including three that are 14' wide and 70' long and are equipped with regulation mounds for live pitching. All cages contain a protective L-screen and a manual-feed Jugs pitching machine for baseball and softball.

Baseball and Softball Private Instruction

One on one instruction is one of the most important part of the developmental process for any baseball or softball player trying to take their game to the next level. Learning the proper fundamentals in a private setting allows players to work at their own pace and gain confidence at the same time.

Cost:
\$35/half-hour
\$70/hour

Special !!
6 - 1/2 Hour Punch Card - \$185

Concord Cannons AAU Baseball Program

The purpose of the Concord Cannons AAU baseball program is to develop the younger athlete into a complete baseball player, as well as a complete young man. We will utilize a staff of instructors that will teach players how to train for and play at a highly-competitive level of baseball. Our program will not only focus on baseball instruction and training of our young athletes, but also stress the importance of achieving academic excellence in the classroom.

Our coaching staff is what will separate us from other traveling teams. Our coaches have played in a collegiate baseball program, with some playing in a professional organization. The instruction they will provide from their playing experience cannot be matched by other teams. Our coaching staff will share their personal experiences growing up and playing baseball, and the importance of their dedication and hard work to achieving success on the field. Also, personal experiences will be shared regarding the importance of academics in having the opportunity to play at the collegiate level.

Teams will begin practicing in mid-December. For several months of practice sessions, teams at each age group will practice together, and receive instruction and training by our AAU Program Coordinator, with the assistance of our coaching staff. Our primary goal in selecting teams at each age level will be to have equally strong teams in order to compete on the field, as well as provide opportunity to develop as a player. If selected to participate in our travel program, you will be provided with excellent training and instruction. Your obligation will be to work diligently to become a complete baseball player.

2010 Age Groups: U10, U11, U12, U13, U14, U15
